Sir:

I have the honor to transmit herewith census of the Indians of this reservation for the fiscal year ended June 30, 1909. The delay in forwarding this census is due to the fact that the roll has been corrected and revised by visiting the Indian homes on the reservation which required considerable time. The work was done by the Agency Physician, Dr. C. S. Middleton, and I believe the census as herewith is as nearly correct as it is possible to get it.

Very respectfully,

Clerk In Charge.

Commissioner of Indian Affairs,  
Washington, D.C.

RECEIVED  
JUL 8 1915

Sir:

There is being transmitted herewith a Census roll of the Indians of this reservation, as of June 30, 1915. It has been prepared by Miss C. Mae Ricketts, a clerk recently transferred to this agency and its form is to be apologised for partly on account of the fact that we are short of typewriting machines at this agency and the one used for this work is out of repair.

It will be noticed that the families of Morgans have been dropped from the roll, it having been ascertained that they were not entitled to enrollment. The Indian named Talking on the Ground and his wife Crow Woman have been shown to be Canadian Indians, living and belonging up there, and they have been dropped accordingly.

The other changes are routine in character and the recapitulation combines the tribes. Since the two tribes speak different languages and do not understand each other except in sign language, it has been thought best to continue them on separate rolls.

Respectfully,

*J. W. Martin*  
Sup't.

## DEPARTMENT OF THE INTERIOR

## UNITED STATES INDIAN SERVICE

Fort Belknap Agency,  
Harlem, Montana.

August 13, 1918.

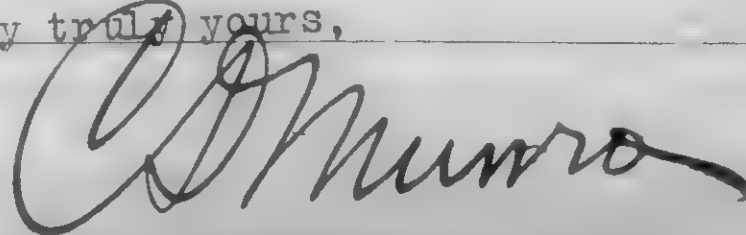

The Honorable,  
The Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

I am enclosing herewith, in duplicate, census of the Gros Ventre tribe of Fort Belknap Reservation. It will be noted that the total shown on the census is 565, whereas the total number shown on page 16 of our Statistical Annual Report shows 570 belonging to this tribe. This discrepancy is due to errors on the old census roll which were not discovered at the time the count was made for the statistical report, but were discovered and corrected before making the census which is enclosed herewith. The errors are as follows: The 1917 census showed *at* numbers 271-276, and 542 and 543, a total of eight persons who had made application for enrollment with the Gros Ventre tribe. At the time the 1917 census was made up their applications were still pending and they should not have been shown on the roll. Since that time their applications have been denied by the Secretary of the Interior and they are, of course, properly removed from the roll. The removal of these people reduces the total by eight persons. It was also noted that the name of Carl Grant, his wife and child, shown on the 1918 census at numbers 269 to 271, were *then not* included on the census of 1917. They have been added to the 1918 census which makes the net reduction, from the figures used in our statistical report, five persons accounting for the discrepancy above noted.

I have also noted some discrepancies in the Assiniboine roll and am delaying the transmittal of that census until we can submit it correctly.

Very truly yours,

Superintendent.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE  
Fort Belknap Agency,  
Harlem, Montana.

August 17, 1918.

The Honorable,  
The Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

I am transmitting herewith census, in duplicate, covering the Assiniboine tribe of this reservation. It will be noted that 642 numbers have been used; our figures in the Statistical Annual Report showed 638. The discrepancy is explained as follows: On the census roll we used No. 34 which is a duplicate entry of the child shown at No. 448. We have therefore cancelled No. 34. No. 596 is a Canadian woman who should not be shown on our rolls and this number has been cancelled. No. 602 is the same person as No. 586, and therefore No. 602 has been cancelled. The above three cancellations make 639 on the roll or one more than the statistical section showed. This is due to ~~not~~ having added to the rolls, since the count was made for the statistical section, the name of Elizabeth Johnson Parker who appears at No. 453. Through error no account was taken of her name on the statistical report.

Very truly yours,

  
Superintendent.
